## NEW YEAR RESOLUTIONS FOR HIGH SCHOOL STUDENTS

The New Year is a great time to reflect on the changes we want or need to make.

1. Stop procrastinating. How often have you underestimated how much time it will take to get something done? Finish a project earlier than you thought you would, do your best work and consider yourself ahead.
2. Commit yourself to getting good grades.
3. Don't do it all. Anyone can do lots of things; instead, excel at a few.
4. Keep a calendar. Deadlines creep up and activities can pile up on you. Be organized.
5. Take standardized tests early. You may want to try for a higher score and need the time to try again.
6. Do your research. Know what your choices are when it comes to selecting a college.
7. Try something new. High school is a great time to spread your wings, have new experiences, and discover yourself.
8. Be excited about going to college. It's not too early to build excitement.
9. Do what your advisors and counselors tell you to do. It's important!
10. Banish the self-doubt. Doubting your own abilities only holds you back from achieving what you want to achieve.

**Happy 2022**
