

PARAMEDIC TECHNOLOGY CERTIFICATE PROGRAM FALL 2024

THE COLLEGE

The Paramedic Technology Certificate is an extended four-semester program consisting of 45 total program credit hours.

Graduates of the program are prepared to perform advanced life support to the acutely ill and injured. They are skilled in-patient assessment and recognition of diagnostic signs and symptoms of illness and injury. Through an advanced evidence-based curriculum, students are trained to evaluate patients and deliver treatment rapidly and efficiently, thereby reducing morbidity and increasing mortality. Training consists of classroom instruction, simulation and laboratory practicum, field internship experience, and hospital clinical rotation.

Upon successful completion of the program, the graduate is eligible to apply to take the National Registry Exam. Satisfactory achievement on the examination will qualify graduates for licensure as a Paramedic.

THE PROGRAM

Paramedic Technology, Certificate of
Proficiency prepares students for positions as
emergency medical technicians-paramedics.
Paramedics are skilled in-patient assessment and
recognition of diagnostic signs and symptoms of
major injuries and illnesses. They learn to use
ambulances, rescue vehicles, and hospital
emergency room equipment to provide highlevel emergency medical care and stabilize
emergency patients. Paramedics also are trained
to provide advanced life support including fluid
and drug therapy, as well as the performance of
some essential emergency surgical techniques
under the written or oral orders of licensed
physicians.

Students should have maturity in dealing with others. They should have good manual dexterity and physical coordination for carrying, lifting, extricating, climbing, hoisting, etc. In addition, they should be able to give as well as receive written and oral directions and instructions. Good vision and visual color discrimination are

necessary for the examination of patients for determining diagnostic signs requiring immediate treatment.

PROGRAM PREREQUISITES

- 1. Graduate of an approved high school or the equivalent as determined by appropriate accrediting agencies (i.e. GED and HiSET).
- 2. Basic computer knowledge as evidenced by a high school or college computer course.
- 3. At least 18 years of age by program start date.
- 4. Valid EMT licensure in good standing or expect to obtain an EMT license by program start date.
- 5. Accuplacer Next Generation academic testing with the following minimums scores:

□ Writing: 250□ Math (QAS): 250□ Reading: 250

6. Successful general application and acceptance to Mineral Area College.
