

In the Fall of 2018, we endeavored to relocate and renovate our undersized and outdated weight room to the storage area located directly next door and off of the gym floor. Thanks to generous donations we were able to move the weight room, lay half of a new floor, purchase some new equipment, and paint the new facility. There are still some things that need to be finished, so continued donations are greatly appreciated!

You can still donate to the project here:

[Mineral Area Athletics Weight Room Campaign](#)

Thank You!
