

Academic Standing Policy

At the completion of each semester, MAC reviews the academic standing of all students. A student will be classified as being in good standing or being placed on academic probation.

A student in good standing is defined as an individual with a cumulative GPA of 2.0 or above.

A student on academic probation is considered an individual who has less than a cumulative GPA of 2.0.

If a student is considered to be on academic probation, he or she will have an academic hold placed on his/her account and must:

- Meet with an advisor to enroll in additional courses
- Enroll in no more than 16 credit hours
- May be advised to enroll in fewer classes
- May be encouraged to avoid online classes
- May be encouraged to repeat failed classes as a means to improve GPA

Students will remain on academic probation until their cumulative GPA rises above a 2.0.

Academic Probation Notification Process

Each semester, the Director of Financial Aid runs a list of all students who are on academic probation. This list will be shared with the Registrar who will notify students of their status on academic probation. This notification will take the form of a letter. The letter will indicate the conditions to be met as explained in the definition of academic probation and will indicate the academic advisor with whom the student must meet as a part of the registration process.

The student will be advised of tutoring, counseling, and academic support services available. The College's goal is to retain the student.
