HLT1762 EMT COURSE STUDENT REQUIREMENTS FORMS PACKET

Allied Health Department

MINERAL AREA COLLEGE

P.O. Box 1000 | Park Hills, MO 63601 | 573.431.4593

MINERAL AREA COLLEGE

Dear Prospective EMT Student,

The course HLT1762 for Emergency Medical Technician is rigorous. In addition to the indicated classroom hours, students are required to complete additional hours in simulation and laboratory, clinical (hospital), field internship (ambulance) and other mandatory trainings. The EMT course schedule does not conform to the Mineral Area College academic calendar. The class schedule may include mornings, evenings, weekends, holidays or times when the campus is otherwise closed. Furthermore, there are no excused absences in HLT1762. Please note, students absent the first day of class will be dropped from registration.

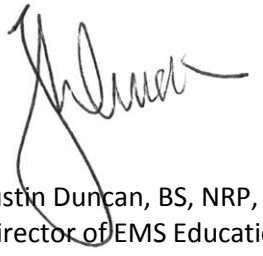
Furthermore, EMT students must meet the following criteria for the clinical and field components of the program. These requirements are mandatory by the clinical facilities. Please see the attached forms for more information. These requirements must complete by the first day of class or by the date designated. No EMT student will be admitted to any clinical facility unless these requirements are met. Students will be dropped from course registration for failure to comply with these requirements. Any necessary healthcare costs are the responsibility of the student.

In addition to the requirements outlined on the following page, EMT students are required to obtain CPR certification in Basic Life Support for Healthcare Providers through the American Heart Association. This will be completed as a class and more information will be provided the first day of class.

Also, EMT students are responsible to purchase specified uniforms from the approved vendor. Please see the attached order form. A list of other required supplies and equipment will be provided the first day of class. The cost of uniforms and supplies are the responsibility of the student.

Please keep copies of physical exam and immunizations for your records. You will need these documents in the future when applying for employment positions. It is not the responsibility of the Allied Health Department to provide or copy these records for current or previous students.

If you have any questions, please contact the Allied Health Department office at (573) 518-2172.
Sincerely,



Justin Duncan, BS, NRP, CCEMT-P, FP-C
Director of EMS Education

HLT1762 REQUIREMENTS CHECKLIST
EMS Education | Allied Health Department | Mineral Area College

Students enrolled in HLT1762 must meet the following criteria and submit documentation (i.e. shot record, laboratory report) in order to obtain clearance to participate in clinical, field and internship experiences. These requirements are due to the Allied Health Department office ***no later than the first day of class***.

- ❑ **Identification and Residency**

Must bring driver's license, social security card and birth certificate to the Allied Health Department office to be scanned into student file. Driver's license must be valid and address must match student address on file. A headshot photo (selfie) with neutral background must be emailed as well.

- ❑ **Health Inventory and Physical Evaluation Form**

Must be completed and signed by licensed medical professional (i.e. NP, DO, MD).

- ❑ **Measles, Mumps, Rubella (MMR) Vaccine or**

Must provide immunization record that validate administration of **two (2) doses**, or laboratory report validating positive titer. Negative titer results will require one or two booster doses. If two doses are required, they must be separated by 28 days. Documented proof of vaccines or titers must be attached.

- ❑ **Varicella (Chickenpox) Vaccine or Titer**

Must provide documentation of **two (2) doses**, or laboratory documentation of positive titer. Negative titer will require one or two booster doses. If two doses are required, they must be separated by 28 days. Documented proof of vaccines or titer must be attached.

- ❑ **Hepatitis B Vaccine, Titer or Declination**

Must provide immunization record validating completion of a **three (3) dose** vaccine series, or laboratory report validating positive titer, or signed and dated Hepatitis B Medical Exemption Statement. Documented proof of vaccines, titer or contraindication/precaution must be attached.

- ❑ **Tetanus, Diphtheria, Pertussis (TDAP) Vaccine**

Must provide immunization record validating received after the age of eleven (11) **AND** no earlier than ten (10) years prior to course completion date. Otherwise, if these criteria are not indicated then a booster is required.

- ❑ **Two-Step Tuberculin Skin Test (PPD)** *and chest x-ray if applicable*

Must obtain a two-step PPD and provide proof of negative results. *The first PPD should be obtained two weeks prior to the first day of class in order to have sufficient time for both tests by deadline*. Following the first PPD, results should be read 48-72 hours later. One week after the reading of the first PPD, the second test should be obtained then read again 48-72 hours later. Students with a current or previous positive PPD are required to provide the results of a chest x-ray and prescribed treatment.

- ❑ **Background Check and Drug Screening**

Must successfully pass a background check and drug screening *by the designated date* at approved facility only. More details will be provided the first day of class.

- ❑ **Influenza Vaccine**

Must provide proof of vaccine (i.e. pharmacy prescription and receipt) *by the designated date*. More details will be provided the first day of class.

- ❑ **Uniform Order Form**

Completed form must be submitted *the first day of class*. Exact cash or money order must be attached to order form. No personal checks accepted.

Please note, the student is responsible for the costs incurred to complete requirements.

TUBERCULOSIS QUESTIONNAIRE
