

MINERAL AREA COLLEGE

ASSOCIATE OF APPLIED SCIENCE IN PARAMEDIC TECHNOLOGY FALL 2026

THE COLLEGE

The Associate of Applied Science in Paramedic Technology degree is an extended four-semester program consisting of 44 credit hours of core curriculum and 23 credit hours of general education requirements.

Graduates of the Associate of Applied Science in Paramedic Technology program are prepared to perform advanced life support to the acutely ill and injured. They are skilled in-patient assessment and recognition of diagnostic signs and symptoms of illness and injury. Through an advanced evidence-based curriculum, students are trained to evaluate patients and deliver treatment rapidly and efficiently, thereby reducing morbidity and increasing mortality. Training consists of classroom instruction, simulation and laboratory practicum, field internship experience, and hospital clinical rotation.

Upon successful completion of the program, the graduate is eligible to apply to take the National Registry Exam. Satisfactory achievement on the examination will qualify graduates for licensure as a Paramedic.

THE PROGRAM

The Paramedic Technology Program prepares students for positions as emergency medical technicians-paramedics. Paramedics are skilled in-patient assessment and recognition of diagnostic signs and symptoms of major injuries and illnesses. They learn to use ambulances, rescue vehicles, and hospital emergency room equipment to provide high-level emergency medical care and stabilize emergency patients. Paramedics also are trained to provide advanced life support including fluid and drug therapy, as well as the performance of some essential emergency surgical techniques under the written or oral orders of licensed physicians.

Students should have maturity in dealing with others. They should have good manual dexterity and physical coordination for carrying, lifting, extricating, climbing, hoisting, etc. In addition, they should be able to give as well as receive written and oral directions and

instructions. Good vision and visual color discrimination are necessary for the examination of patients to determine diagnostic signs requiring immediate treatment.

PROGRAM PREREQUISITES

1. Graduate of an approved high school or the equivalent as determined by appropriate accrediting agencies (i.e. GED and HiSET).
2. Basic computer knowledge as evidenced by a high school or college computer course.
3. At least 18 years of age by program start date.
4. Valid EMT licensure in good standing or expect to obtain an EMT license by program start date.
5. Accuplacer Next Generation academic testing with the following minimum scores:
 - Writing: 250
 - Math (QAS): 250
 - Reading: 250
6. Successful general application and acceptance to Mineral Area College.
7. Completion of Paramedic Anatomy & Physiology OR Human Anatomy & Physiology

APPLICATION PROCESS

The application deadline for the paramedic program that begins in the Fall 2026 term is March 16, 2026.

Ensure the following documentation is on file by the deadline:

- Paramedic application
- Academic test scores
- Official copies of dual credit and transfer transcripts
- Reference Contact Information Form
- Personal Interview (*to be scheduled*)

After being accepted into the program you will be contacted by the Office of EMS Education Programs and a Pre-Course Requirements Packet will be mailed to you. Students will also be required to successfully pass a background check and drug screening. All of this information is covered in detail in the packet.

All applicants accepted into the program are considered on conditional status pending:

- Required identification documentation Drug screening and background check
- Immunization requirements
- BLS for Healthcare Providers CPR Certification

Successful completion of the program, however, does not guarantee eligibility to take the licensure exam or to become licensed.

Applications for the paramedic program in accordance with the requirements in this publication must be submitted by **March 16, 2026** to the Office of EMS Education.

A Step-Out-and-License option is available to allow students who have completed the core curriculum to license while they continue to complete the general education requirements.

Mineral Area College programs meet DHE Core 42 guidelines. Courses are MOTRANSFER guaranteed as indicated.

The Associate of Applied Science in Paramedic Technology program is accredited by the Missouri Bureau of EMS. The Mineral Area College paramedic program is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Committee on Accreditation (CAAHEP) of Educational Programs for Emergency Medical Services Professions (CoAEMSP).
